

CCC2NAU Pathway: [BSF Forestry](#)

College of the Environment, Forestry and Natural Sciences (CEFNS)

CCC declared major: AA General Studies (60 credit minimum)

Catalog year: 2024-2025

- Satisfy NAU's General Education Requirement by completing the [AGEC A](#) (*indicates major courses that can also be used in the AGECE)

- Required Math:** [STEM Track](#)
 - MAT 187*Precalculus (5)
 - MAT 160* Intro to Statistics (3)

Required Courses

- BIO 181* Unity of Life I (4)
- BIO 182* Unity of Life II (4)
- CHM 130* Fundamentals of Chemistry (4) or
- CHM 151* General Chemistry I (5)
- ECN 205* Microeconomic Principles (3)
- FNR 101 Intro to Forestry and Conservation (3)
- FNR 211 Applied Forest Metrics (3)
- FNR 215 Communication in Conservation (3)
- SPC 100* Fund of Speech Communication (3)

Note:

CCC has created the [following courses](#) to match NAU requirements and hope to offer them in the near future:

- FNR 105 Professional Dev and Operations in Fire
- FNR 212 Trees and Forests of North America
- FNR 213 Ecology and Mgmt of Wildland Soils
- FNR 218 Professional Development for Foresters

Recommended for AGECE Social & Behavioral Sciences:

- ECN 205

Recommended for AGECE Physical & Biological Science:

- BIO 181 and BIO 182

Recommended for AGECE Options:

- SPC 100
- CHM 130 or CHM 151

This pathway should be discussed with your advisor as some course/s offerings are subject to change.

Considerations:

- Campus availability: Flagstaff
- Additional application required, check NAU department [website](#) for deadlines. The professional program only accepts a cohort of students every fall. A program GPA of 2.75 is required in all pre-professional courses.
- ECN 205 at CCC will substitute for ECO 280 at NAU.
- Certificate or individualized focus is required:
 - Fire Ecology & Management: No courses at CCC
 - Forest Resilience & Adaptation: No courses at CCC
 - Human Dimensions of Forestry: No courses at CCC
 - Wildlife Ecology & Management: No courses at CCC
 - Individualized focus: Select courses with faculty
- Transition is recommended in the spring semester to take FOR pre-professional courses at NAU. Dual enrollment beforehand is not recommended as all forestry pre-professional coursework can be completed in a Spring term along with a three week summer class.
- Veterans, meet with an advisor to determine best time to transfer to NAU and be full-time for benefit purposes.
- This program is accredited by the [Society of American Foresters \(SAF\)](#).
- An accelerated [Bachelor's to Master's program](#) is available.

Career opportunities that might be pursued:

- Federal agencies (Forest Service, BLM, National Park Service, BIA)
- Private timber or consulting companies
- State departments of forestry & wildlife
- Tribal forestry departments
- Peace Corps

Further education could lead to:

- University professor
- Researcher
